Netrack automatic wire stripper 0.5-2.6mm

Product price:

PLN49.99 tax included

Product codes:

Reference: 101-04
EAN13: 5908268775294
UPC: -

Product features:

Height [mm]: 208
Width [mm]: 104
Depth [mm]: 30
Weight [kg]: 0.31
Height of the packed product [mm]: 263
Width of the packed product [mm]: 130
Depth of the packed product [mm]: 34
Weight of the packed product [kg]: 0.35
Color: black / red / silver

Product short description:

Stripper for wires with a diameter of 0.5 to 2.6mm (26-10AWG, 0.2-5.3mm2)

Product description:

Automatic stripper for single wires or split multi-core wires. It is also possible to strip the outer insulation of multi-core cables. **The stripper** can strip wires with a diameter of 0.5 to 2.6mm (26-10AWG, 0.2-5.3mm2). With the help of a special limiter, the cut-off point can be set. Works much faster than rotary strippers .**The stripper** is suitable for stripping the insulation of solar cables. The tool also allows the installation of crimp terminals on insulated and uninsulated cables. It has a socket for crimping the ends of the ignition system wires. It also has a wire cutter.

Insulation stripper - the most important features

- automatic stripping of insulation from wires with a diameter of 0.5 to 2.6 mm
- incision site limiter
- speed and convenience of operation
- additional crimping and cutting functions

Puller technical parameters

- height [mm] *208*
- width [mm] *104*
- depth [mm] *30*
- weight [kg] *0.31*
- round wire stripper 0.5-2.6mm
- flat cable stripper up to 2.6mm
- chisel
- crimping tool for insulated and non-insulated terminals

Packaging

- packaging dimensions: 263/130/34mm
- weight in the package: 0.35 kg

Contents of the package

- *complete multifunctional stripper*

Insulation stripper - application

 Quick, professional preparation of wires for instance, crimping terminals on insulated and non-insulated wires, crimping terminals on ignition system wires, cutting wires.
