
Netrack mini-ITX server case, 482*44.5*250mm, 1U, 19"

Product price:

**PLN280.23 tax
included**

Product codes:

Reference: NP5106
EAN13: 5908268779094
UPC: -

Product features:

Basic dimensions: 19 "/ 1U

Height [mm]: 44

Width [mm]: 482

Depth [mm]: 250

Weight [kg]: 3.1

Height of the packed product [mm]: 520

Width of the packed product [mm]: 345

Depth of the packed product [mm]: 115

Weight of the packed product [kg]: 3.4

Height U: 1U

Recommended minimum 19 " [mm] rack depth: 400

Motherboard formats: mini-ITX

Max. plate dimensions: 6.7 "x6.7"

Place for power supply: PS-2 ATX 1U Flex PSU

Number of internal bays: 1x3.5 "or 2x2.5

Number of external bays: lack

Expansion card slots: 1U Flex PSU

Top ventilation duct: Front / rear ventilation
Fans fitted: 2x40x40mm
Space for additional fans: lack
Dust filter: lack
Material - housing: durable and stiff 1mm SGCC steel
Fabric - front: aluminum
Fabric - handles: aluminum
Housing color (front, sides, top): black
Housing color (interior, rear, bottom): silver galvanized
The color of the handles: black

Product short description:

1U server case - the best when the amount of space is important

Product description:

RACK server case with a height of 1U and a depth of 250mm. Allows you to mount compact motherboards in mini ITX format. Provides space for two 2.5" devices or one 3.5" device. Allows you to mount 1 expansion card - PCI Riser Card. Properly designed cooling and ventilation system. In order to ensure proper working conditions for devices installed in the housing, the distances allowing for proper ventilation (min. 150mm) and the appropriate ambient temperature must be maintained. In industrial applications, attention should be paid to dust and chemical contamination. **Rack server housing** is designed for building servers and computers working in offices, warehouses, server rooms, industrial and production plants.

Rack server case - the most important information

- housing type: 19" rack , 1U
- the size of boards for mounting mini ITX
- number of external bays: none
- number of internal bays: 1x3.5" or 2x2.5"
- recommended depth of the 19" Rack cabinet: 400mm

Rack server case - systems and devices

Rack 19" server enclosures are most often configured with:

- servers supporting sales systems
- servers supporting warehouse and accounting systems

-
- application servers
 - database servers
 - database and application servers
 - servers and computers supporting production processes
 - print servers supporting processes on multiple printers

The most important features

- convenient installation, operation and service
- very good working conditions for server components
- ventilation openings on 2 or 3 sides of the housing
- possibility of mounting in 19" Rack racks
- possibility of mounting slide rails to pull out the housing: not possible
- only for models NP5104 and NP5105:
 - replaceable dust filter
 - key-locked housing

Execution

- housing: durable and rigid SGCC 1mm steel
- handles: aluminum
- front: aluminum
- housing color (front, sides, top): black
- housing color (inside, back, bottom): silver zinc
- handle color: black

Rack server case - technical parameters

- dimensions (width/height/depth): 482/44/250mm
- weight: 3.1 kg
- recommended depth of the 19" Rack cabinet: 400mm
- motherboard format: mini-ITX
- maximum motherboard dimensions: 6.7"x6.7"
- power adapter: none
- space for power supply: 1U Flex PSU
