# Netrack sliding rails for RACK 19" server case, depth 50-100cm

**Product price:**

**PLN127.97 tax included**

**Product codes:**

Reference: NP5114  
EAN13: 5908268779551  
UPC: -

## **Product features:**

Weight [kg]: 2.45  
Height of the packed product [mm]: 750  
Width of the packed product [mm]: 70  
Depth of the packed product [mm]: 70  
Weight of the packed product [kg]: 2.66  
Spacing of rack rails in a 19 "cabinet [min/max] :: 250 / 780mm  
Maximum possible extension:: 660  
Folded rail length:: 660  
Unfolded rail length:: 1320  
Folded rail dimensions with handles:: 660-780 / 39.5 / 27.5mm  
Bearing method:: 56 5mm BB's

## **Product short description:**

**Rack slide rail** with ball bearings for 19" rack cabinets . It is used for mounting server cases or other devices mounted in 19" Rack cabinets.

---

## Product description:

**Mounting rails** with ball bearings for 19" rack cabinets. They are used for mounting server enclosures or other devices mounted in 19" Rack cabinets. They have universal mounting holes that allow you to mount any type of server enclosures or other devices or accessories. **Rails for the Rack cabinet** allow for convenient assembly and comfortable operation of the equipment. Possible installation in cabinets with different spacing **of Rack rails** . A cabinet equipped with 4 rack rails (2 pairs) is required for installation. The multi-segment design allows for the complete extension of the mounted device.

Mounting rails - the most important features

- universal for many 19" rack enclosures and cabinets
- very high strength
- multi-segment construction - large protrusion
- very good bearing - very good slide
