Product short description:

Hanging rack cabinets 19 - a professional solution for the installation of computer networks. Organize and secure your home or business network. Standard Rack 19" is the most universal system for installing devices for various applications. It gives the possibility of extensive expansion and configuration. The **V-Line line** consists of cabinets that enable vertical mounting of 19" devices. This gives the possibility of using cabinets even with a depth of only 120mm.

Product description:

The most important features of the 19" V-Line Rack cabinets
