Standard Rack: 19 "

Height U: 1U

Shelf type: retractable - front / rear mounting 4 points

Sheet thickness:

Fixing points: 4

Amount of rack screws needed: 4

Color: black

Product short description:

Product description:

Pull-out shelf, 19" 1U 550 mm, black

Sliding shelf , adapted to the installation of devices without RACK mounting brackets . Designed for mounting in 19" ICT cabinets.

Possibility of mounting in rails with a spacing of 550 to 900 mm .

The adjustment of the mounting spacing is fully smooth and does not require additional work apart from extending it to the desired length.

High-quality steel from which the shelf is made guarantees durability, and the possibility of four-point mounting - stability.

Metal guides ensure lightness and comfort of use. Providing full extension of the shelf, they allow easy access to devices that require regular configuration.

The perforated bottom of the shelf ensures heat dissipation, which is necessary for the proper functioning of the devices. In addition, they can be used for fastening with cable ties.
