Amount of rack screws needed: 4

Color: gray

Color code: RAL 7035

Product short description:

Product description:

Grille 19" 5U

A blanking panel made of high-quality steel, recommended for Rack Cabinets

It is mainly used to mask the free space between already installed devices, but it also works great as a mounting plate that allows you to install devices incompatible with the 19" rack standard inside the cabinet.

The grille is attached to the vertical rack rails
